President's Message:

Dear Dowites,

Assalam-O-Alaikum

It is a pleasure to inform you that the organizing committee for the Golden Jubilee of DMC and the Centenary of CHK has been reactivated. I had a telephone call from Professor Shafi Qureshi, the principal of DMC and a letter from the professor Iqbal Ahmed Memon, the new Secretary General for the committee, informing me that a symposium will be held from December 28 to December 31, 1996. The inauguration is scheduled for December 27, 1996 with the Prime Minister to be the chief guest. They are also preparing a brochure for registration, hotel reservations, and call for the scientific papers from DOW graduates abroad. At present the members of the Scientific Committee are: Doctors Mumtaz Mehar, Tahir Hussain, and Masood Hameed in Karachi. I have requested Professor Bahu Sultan Sheikh of Toledo, Ohio to remain as chairman of the Scientific Committee of DOGANA and to interact with his counterpart in Karachi.

It is my understanding that the Scientific Committee in Karachi is seeking involvement of our graduates from abroad rather than the foreign faculty. Professor Shafi Qureshi and Dr. Memon will be here on August 2nd as our guest at the DOGANA's annual meeting in Dearborn, Michigan and perhaps at that time further details of the program and particularly the CME credits can be discussed and resolved. The committee is also requesting that we fill DOW Graduate Record Form and send it directly to the Secretariat, Medical Unit 5 Civil Hospital, Karachi. Their fax number is 011-92-21-772-4322.

Since we its inception in 1979, the DOW Graduate Association of North America has prospered and flourished. After 17 years, I feel it is time for me to retire, and to have the younger generation take the leadership role in DOGANA as well the Association of Pakistani Physicians of North America. In a conference call of the Executive Committee of DOGANA, it was unanimously approved that Dr. Mushtaq Khan, of Joliet, Illinois, be appointed as

the new Executive director of DOGANA. Dr. Khan has been actively involved as a secretary and later as president of the DOW Graduate Association and also as a secretary and later the president of APPNA. Presently he is on of the Board of Trustees of APPNA. He also has been very actively involved with the American Medical Association, and locally on the Chicago Medical Society. I am sure that under his leadership the organization will flourish and the membership will increase by leaps and bounds.

I want to take this opportunity to thank each and everyone of you who have given me support for all these years.

Hope to see you on August 2nd in Dearborn, Michigan.

Sincerely,

Iltifat A. Alavi, M.D.
